CONSUMPTION

The graph shows your consumption figures.
 Your average daily consumption during the latest billing period came to: 3,65 €
 Your average daily consumption over the last 14 months came to: 2,94 €

Pursuant to Royal Decree 1718/2012, you are advised that the amount corresponding to the network access charges included in this invoice comes to €29,26 (not including tax). This amount is distributed as follows:
 Demand charge: €15,16 Energy Rate: €13,16 Rental of measuring equipment: €0,94
 These amounts are subject to Electricity Tax and to VAT on the total amount (including Electricity Tax).
 These values are for information purposes only. They represent no increase in the cost for you as they are already included in your energy bill.
